OVERVIEW OF THE PLANNING PROCESS

PLAN OF SERVICE

Purpose and process of the Elnora Public Library Plan of Service

The purpose of preparing a regular long-range plan is to both satisfy the requirement to do so by the Ministry of Municipal Affairs for Alberta and, to give the library, its Board, and staff direction in their efforts to best serve the needs of the Elnora and area community.

The Elnora Public Library 2022 - 2025 Plan of Service is based on input from:

- Community members of Elnora and the rural County of Red Deer
- Library Board members

- Library Staff

As part of the process to complete the Plan of Service, the Elnora Public Library Board designed a survey that was included in the monthly Elnora Village Advance. The survey targeted residents, business owners, and members of the rural community. Meetings were held with two board members to amalgamate the data collected from the survey. Further meetings were held with the Library Manager and Board members to incorporate the information into the Plan of Service.

CONCLUSION

The Elnora Public Library Board and staff continue to make every effort to meet the Government of Alberta and Municipal Affairs Standards and Best Practices for Libraries in Alberta. We appreciate the support of the Village of Elnora, Parkland Regional Library System, and Red Deer County, which enable the library to provide a high level of service to the community and surrounding area.

We are grateful to the members of the community, the Library Board, and the library staff who provided input and assistance with this process.

The Elnora Public Library 2023-2025 Plan of Service has been approved by the Elnora Public Library Board.
