Address

Dear **Councilor Name**,

On behalf of the Board and Staff of the **Your Library Name**, please accept our warm congratulations on your election as our **City/Town** Councilor. Your success clearly acknowledges your outstanding service to the community as well as our community's trust in you. We look forward to working with you over the next four years to build on our community's accomplishments.

The **Your Library Name** actively supports the **Municipality Name's** goals by being invested in families and communities, promoting lifelong learning, providing a welcoming environment to newcomers, and being part of why **Municipality Name** is a desirable place to live. Municipal support for the public library has enabled new service developments, resource sharing, and equitable access to high-speed internet. These initiatives are critical in our efforts to ensure excellent library service for all **Municipality Name** residents.

Although libraries have expanded their services beyond basic reading materials, literacy and reading continue to be an important part of a democratic and culturally robust community. Likewise, reading, viewing, and listening for pleasure can foster mental stimulation, stress reduction, knowledge building, vocabulary expansion, memory improvement, stronger analytical thinking skills, improved focus, and better writing skills, all of which can improve the health of Albertans. Libraries have grown to be essential community hubs, improving the health, education, and economy in communities around the province.
